

Mission Statement

The mission of St. Francis School is to provide an environment of academic excellence and a lived Catholic Faith that challenges each student to achieve his or her greatest potential with the support of family and community.

As a parent, one of the most important decisions in your life and in the lives of your children is that of choosing the education that will most benefit them.

A Catholic education encompasses the spiritual, intellectual, emotional, social, and academic needs of individual students to prepare them for full and meaningful participation in the world around them.

Our school encourages self-directed action, motivation, discipline, and thought. We strive to prepare students in the basic academics while challenging them to fulfill their individual potential.

The development of Christian values in everyday life encourages parents to embrace Catholic Education.

St. Francis Catholic School

100 years...and the tradition continues.

"Catholic Education aims not only to communicate facts but also to transmit a coherent, comprehensive vision of life, in the conviction that the truths contained in the vision liberate students in the most profound meaning of human freedom."

-St. Pope John Paul II-

*Learning and growing with
faith in God.*
